PLEASE CAREFULLY READ ALL FOAL PURCHASING INFORMATION.

The price of our weanlings includes the **GUARANTEE OF A HEALTHY FOAL AT WEANING TIME**. We will also provide breed registration papers and signed transfer as well as EIA tests and health papers for those needing them for delivery/pickup.

If for any reason the foal becomes sick, injured, or we are not satisfied with the health, growth, or development of the foal, by time of delivery, we will cancel the contract and refund 100% of the deposit to the buyer.

Foals are sold on a first come, first serve basis.

After selecting a foal, Thomas Ranch will send you a purchase agreement. Once this purchase agreement and a down payment of 50% (or other agreed upon amount) are received by Thomas Ranch that foal will be reserved for buyer until delivery.

Foals can be weaned from 4-5 months of age. Foals that are the result of an embryo transfer may be picked up/delivered along with the recipient mother at anytime for an additional \$500. Full payment is required before foal will be weaned or shipped. We accept personal checks or money orders for deposits. Checks or money orders should be sent via FedEx, UPS, or USPS Priority mail with delivery confirmation so that a tracking order can be obtained. Foal will not be considered "reserved" until we have received the deposit.

If the client changes their mind and no longer wishes to purchase their healthy horse, no refund of the deposit will be provided! If full payment is not received before foal reaches weaning age (5 months of age), previous payments will be forfeited and foal will be placed back on the market.

Personal checks will not be accepted at time of delivery or pickup. We must receive either a personal check at least two weeks in advance or a money order at the time of pickup.

In depth vet checks are available at the buyer's expense prior to delivery or pickup.

Foals will be wormed and vaccinated if old enough at the time of delivery/pickup.

Buyers are responsible for making their own shipping arrangements for their foals.

Once paid in full, foals are the responsibility of the buyer. We strongly recommend full mortality and major medical insurance on your new purchases to protect your investment. We will not be responsible for sickness, injury, or death to a foal that has been paid for in full. We can recommend some insurance companies that provide protection of your investment at a reasonable price and are happy to provide the information needed to obtain an insurance policy.
